

PINUM

"Our mission is to establish ourselves as the benchmark brand for every home, inspiring our customers to create their ideal personal spaces.

We are committed to delivering a comprehensive experience that offers guidance to our clients not only in the product selection process but also in providing measurement, delivery, installation, and post-purchase support services."

About us.

Together since 1992

The story of Pinum begins with a fortuitous meeting after an earthquake in Italy, where Mr. Mario Nusco sought to establish a collaboration to create furniture and doors. Deeply impressed by the factory in Pipera, he recognized its potential to produce top-tier doors with Italian design.

Driven by a vision of excellence and innovation, he took over the Pipera factory in 1992, making significant investments in state-of-the-art machinery and technology, thus marking the inception of the Pinum company.

The Pinum Doors & Windows franchises contribute to regional development in various Romanian cities by offering entrepreneurs the opportunity to bring quality and comfort to Romanian homes.
